O R D E R:-

It has been brought to the notice of Government that most of the Aided Schools run in the SC/ST/BC localities in the remote villages could not run the schools though they have invested substantial amounts towards construction of pucca Buildings and enjoying grant in aid. Due to imposition of ban on creation and filling up aided posts vide Government Memo. No. 12080/COSE/2004-4, dt.20.10.2004 the aided vacancies fallen vacant in these schools could not be filled up and grant-in-aid for these vacancies were not released to them. Consequently, the managements could not impart quality education to the SC/ST/BC students studying in these schools and these institutions are not in a position to engage qualified teachers and pay them salaries from their meager funds and requested the Government to provide some financial assistance to these schools.

2. Government have examined the matter and considered that the endeavor of the Government is to provide access to education to the children up to the age of 14 years free of cost through Government run institutions and to extend a helping hand to those institutions which are really facing financial crunch and which are likely to be closed, as they are unable to take up the burden of paying salaries to the teachers from their own. It is felt necessary to extend financial benefit taking into consideration the strength of the students in those institutions. Further the financial assistance is to be extended to such of those institutions, which have got pucca buildings and have been running over a long period and have got substantial strength of students on their rolls earlier. As sufficient infrastructural facilities are available in the institutions and the students are continuing to study in these institutions by choice, it is considered worthwhile to give some financial assistance.

3. The criteria for arriving at the amount to be paid to each institution is worked out taking into consideration the number of children/students studying in each school, the number of teachers working and the number of children/students without teachers. As per the above criteria it is reported by Director of School Education, taking the teacher pupil ratio of 1 : 40 the number of such Aided Schools run in the SC/ST/BC localities in the remote villages are around 1355 and the total number of children studying in such schools without teachers are 44962 Government have considered the proposal of Director of School Education and decided to pay Rs.60/- per month per student in those schools.

P.T.O.

4. Government accordingly direct that financial assistance be accorded at the rate of Rs. 60/- per month per student to the 1355 schools as identified by the Director of School Education which have student strength of 44962 without teachers (as per teacher pupil ration of 1:40) amounting to Rs. 26,97,720/- (Rupees twenty six lakhs ninety seven thousand seven hundred twenty only) per month.

5. The expenditure sanctioned in para 4 above shall be debited to the following Head of Account.

2202 - General Education
01 - Elementary Education
MH - 800 - Other Expenditure
GH - 11 - Normal State Plan
SH-05 - Providing basic amenities to all the schools in the schools
310 - Grant-in-aid
